The Two Goats

Once there lived two silly goats in a village.
There was a narrow bridge over a river in the village.

One day the goats wanted to cross the bridge.
One silly goat was on one side.
The other one was on the other side.

One of them said, "I shall go first".
The other goat said, "No, I must go first".
At last they came to the middle of the bridge.
They begin to fight and fell into the river.

Moral of the story: It is wise to compromise.
